This Is Very Disturbing Libby Vianu. You Should Have Told Us That Treasure Island Is A Superfund Site. The Wording Should Be Changed (I Have Asked You Before When I Sent You The Letter From The State Of California Identifying Radiation On Treasure Island) To An Enviromental Exposure To Radiation And A Superfund Site. This Is Why I Have **Personal Matters / Ex. 6** We Asked You To Help Get Us Evacuated From Treasure Island. We Are Still On Treasure Island. I Had To Contact EPA Secretary Scott Pruitt. I Petitioned Admiral Sven To Do A Health Assessment For Treasure Island. He Refused, So I Am Going To Try To Get Him Relieved From Duty. He Sided With The City Of San Francisco Like I Told Him He Would Do. This Designating Of Treasure Island As A Superfund Will Land Everyone In The Federal Pen For Failure To Disclose. I Am Disgusted With You Libby, Admiral Sven, US NAVY Captain D. Robert B. Knowles, And The United States NAVY. Everyone Involved In The Exposure Of Radiation And Being On A Superfund Site To Mentally Disabled Tenants Is Akin To The Tuskegee Experiment...Meaning Both Times What They Were Offering Was Dangerous. I Am Requesting You To Contact HUD In San Francisco, California To Evacuate The Tenants From Treasure Island. I Have Contacted HUD Secretary Dr. Ben Carson And He Has Been Apprised Of The Situation. I Have Requested Him To Order \$2 Million Dollars In Housing Choice Vouchers And \$200,000 In Relocation Funds For Tenants On Treasure Island. I Am Surprised At You Libby Vianu Because You Are A Scientist. (- (
